HawkEye 1610 Vision System

HawkEye 1610 Smart Camera With Vision And Auto ID Capability In A Single Device

- Compact, All-in-one Smart Camera Configuration For Ease Of Integration
- Built-in digital I/O, Serial Communications, Ethernet Networking For Open Connectivity To Other Equipment

Acuity CiMatrix RVSI Is Now

SIEMENS

Smart Cameras have the ability to read 2D Datamatrix or 2D Barcodes as well as standard 1D barcodes at high speed.

2-D: Data Matrix, PDF417, 2D Barcode

1-D: Code 39, Codabar, Code 93, I2of5, UPC/EAN, UPC-E, UPC Supplementals, Postnet, Pharmacode, Code 128

Example: 2D DataMatrix, 10x10

Example 1-D Barcode - Code 39

HawkEye 1525 - Smart Camera Reader for Direct Part Marks on reflective Surfaces

The HawkEye 1525 fixed-station reader delivers cutting-edge Data Matrix reading performance in a compact package that fits in the palm of your hand. Unique features such as the patented QuickSet™ audiovisual alignment, auto-learn capability, and intelligent imaging simplify integration and deployment while providing easy setup, line changeover and maintenance without the use of an external PC.

HawkEye Model 1525SHD Fixed Position Super High-density Darkfield Scanner Kit Base scanner includes: manual, single use software license, serial
